---

## Summary

Frontend Developer with 3+ years of experience building responsive, high-performance web applications using HTML5, CSS3, JavaScript (ES6+), and React.js. Skilled in developing reusable UI components, integrating REST APIs, and optimizing performance for modern web applications. Proficient in Tailwind CSS, Bootstrap, and responsive design principles with strong focus on clean code, accessibility, and cross-browser compatibility. Experienced with Git workflows and collaborative development in agile environments. Passionate about creating scalable and user-friendly frontend solutions.

---

## Skills

- **Languages & Frameworks:** HTML5, CSS3, JavaScript (ES6+), React.js, PHP, SASS, Tailwind CSS, Bootstrap, jQuery, MySQL
  - **Version Control:** Git, GitHub
  - **Responsive Design:** Mobile-first development, Cross-browser compatibility
  - **Other:** SEO, Performance Optimization, Website Analytics
  - **Soft Skills:** Team collaboration, Communication, Attention to detail, Problem-solving, Adaptability, Time management
- 

## Experience

**Frontend Developer** | Singleinterface, Gurugram, Haryana

*Jan 2023 – Present*

- Developed and maintained responsive web applications using HTML5, CSS3, JavaScript, and React.js.
- Built reusable UI components and implemented modern layouts using Tailwind CSS and Bootstrap.
- Integrated REST APIs to display dynamic data in frontend applications.

- Improved website performance by optimizing images, scripts, and styles, reducing load time significantly.
- Ensured cross-browser compatibility and mobile responsiveness across multiple devices and screen sizes.
- Used Git for version control and collaborated with designers, backend developers, and QA teams.
- Followed clean code practices and component-based architecture for scalable development.

## **Frontend Developer Intern | Singleinterface, Gurugram, Haryana**

*Oct 2022 – January 2023*

- Assisted in developing responsive web pages using HTML, CSS, and JavaScript.
  - Worked with senior developers to implement UI designs and fix layout issues.
  - Learned Git workflow, debugging techniques, and best coding practices.
  - Participated in code reviews and agile team meetings.
- 

## **Projects**

### **Project Management App (React, Tailwind CSS)**

- Developed a task management interface using React with reusable components.
- Implemented dynamic UI updates and responsive layout using Tailwind CSS.
- Managed state efficiently and structured components for scalability.

### **Todo Context Local Project (React, Context API, Local Storage)**

- Built a Todo application using React Context API with persistent storage.
- Implemented add, delete, and update features with clean component structure.

### **Weather App (JavaScript, API Integration)**

- Created a weather dashboard using JavaScript and external API.
- Displayed real-time weather data with responsive UI design.

### **Currency Converter (JavaScript, API)**

- Developed a currency converter using API integration.
- Implemented dynamic rate updates and responsive layout.

### **Password Generator (JavaScript)**

- Built a secure password generator with customizable options.
- Used JavaScript logic to generate random strong passwords.

## Theme Switcher Project (JavaScript, CSS Variables)

- Implemented light/dark theme switcher using CSS variables.
  - Enabled dynamic UI updates without page reload.
- 

## Education

- **Master of Computer Applications (MCA)** *2023 - Present*  
Lovely Professional University
  - **Bachelor of Computer Applications (BCA)** *2019-2022*  
Hemvati Nandan Bahuguna Garhwal University
  - **Intermediate** *2018 - 2019*  
St Joseph's Convent School, Kotdwara
- 

## Certifications

- **Basics of Python Programming** | OpenWeaver | 2022
  - **National Intellectual Property Awareness Mission** | Govt. of India | 2022
  - **Cyber Security Training** | IHMS Kotdwara | 2020
- 

## Additional Information

- **Languages:** Fluent in English and Hindi.
- **Hobbies:** Chess, Reading, Video Games
